- Product description: pesticide bird repellent
- Product use: for repelling birds in areas associated with food/ beverage/dairy farms and factories

"Passed AsureQuality assessment food/beverage/dairy farm & factory with no possible food contact or taint- outside of food / storage areas - away from vents" H4459 with conditions. This assessment was prepared by Global Proficiency Ltd using HACCP principles to determine equivalence with food standards listed below. See <http://assessedproducts.asurequality.com>. This supports food Risk Management Programmes & other endorsements that may apply to this product include MPI regulated farm dairy approval, MPI dairy factory endorsement, MPI regulated non-dairy animal product approvals, EPA HSNO-OSH-environment approval (& previously AQIS).

Conditions:

- Used per instructions (all & including droplet size), legislation, & GMP with no possible food contact or taint- outside of food / storage areas - away from vents. Used in conjunction with an approved pest control programme where applicable.
- The assessment is subject to notification of change and expires on 22/02/2026.
- The full report is attached for supplier review and verification. The assessment is activated by countersigning & inclusion of assessment precautions / assessment statement / MPI dairy precautions. *Outdoor use - no crop (other) residue remaining - per use instructions & user responsibility)

Prepared by Global Proficiency for AsureQuality Ltd... *R.G. Hutchinson*

Supplier: *DMB* Date: *22 Feb 2021*

Scope and purpose of the assessment:

- Asurequality assessment is a non-regulated, voluntary, and evidential certification by the supplier demonstrating equivalence with food safety standards, and also that product instructions address hazards for staff & equipment. The assessment is independently confirmed, without prejudice or guarantee, using information submitted by the supplier or from other sources. Confidentiality of the product formulation is maintained using coded material identifiers in the report, and appendices containing confidential information are provided only to the supplier.
- Scope: NZ checks (FSANZ, US FDA 21 CFR/ NSF, Food Chemicals Codex, EPA NZ, EU, French culinary listings or related data for equivalent safety). NZ background (Animal Products Act, Risk Management Programmes. Detergent & Sanitiser Manufacturer's Code of Practice, Detergent & Sanitiser Standards and Analytical Methods. Quality Manual - Assessment Procedures
